MORENCI NEWS AND ITEMS OF LOCAL INTEREST

J. V. Pearsoll was a business visitor in Clifton on Wednesday of this week.

Dr. and Mrs. Goodrich returned from Phoenix last week from a delightful week's visit in that city.

Miss Nora M. Butler, of Metcalf, has accepted a position in the drug department of the P. D. M. store.

Mrs. R. G. Phillips returned to Morenci on Friday of last week, from an extended stay in Bowie, Arizona.

F. R. Raymond, employed in a supply department, resigned this week and left for El Paso.

Miss Ethel Johnston left here this week for her home in Ft. Smith, Arkansas, where she will spend her vacation.

Mrs. and Mrs. E. L. Jones and family were the guests of their relatives Mr. and Mrs. Harlow Brubaker of Clifton on last Sunday.

A. J. Moon, of Zanesville, Ohio, arrived in camp this week, the guest of his friend J. "Mike" Farahay. Mr. Moon has accepted a clerical position in the P. D. M. store office.

Dr. Geo. H. Steele, formerly employed as an assistant physician with the D. C. M. Co., corps, resigned his position last week, and accepted a position with the Shannon Copper Company at Metcalf, as their official doctor. His many friends extend their best wishes in his new field.

W. H. Brophy, manager of the P. D. M. stores was a business visitor on Monday of this week, with the local store. Mr. Brophy accompanied by H. S. Van Gorder, left here on Tuesday morning for a few days visit in Tyrone, New Mexico, where the Phelps Dodge interests will open a new mining camp.

A telegram was received last week by A. H. Burghardt, employed in the D. C. M. company general office, announcing the serious illness of his mother at her home in Ansonia, Conn. Mr. Burghardt left here on the following morning hoping to reach his home in time to see his mother before her death.

Postoffice Inspector Dutton, of Phoenix, dropped in on postmaster J. J. Roscoe on Wednesday of last week

on an inspection trip. The district office found all accounts and records in excellent shape and complimented our local postmaster on the manner and precision in which he had carried along the new work.

A pretty social affair and notable from its being out of the ordinary, was an eleven o'clock luncheon given by Mrs. W. W. Berault at her home on last Saturday in honor of her birthday. About a dozen ladies of the camp were present and enjoyed the delicious good things, comprising the luncheon. During the afternoon auction bridge was played by the guests and cool refreshments were served. A delightful afternoon as well as a pleasant social time was enjoyed.

In order to provide some amusement for the young people who are staying in camp during the summer, the members of Company M., Arizona National Guard, will give a series of dances in the old Armory building at intervals. It was decided at the regular weekly drill on Wednesday evening to give the first affair on Saturday evening, June 6th. These dances will be impromptu affairs and cards will be issued to invited guests. A small admission price will be charged to help defray expenses and without a doubt these affairs will become very popular and looked forward to by all. Much credit must be given the members for their interest in these affairs and it is hoped all possible support be given them. Invitations will also be sent to many Clifton and Metcalf lovers of the pastime, and they have voiced their intentions of attending these affairs.

Quietly making all arrangements for their departure, unknown to their friends, Miss M. Pearl Emerson and E. P. Sharp left here on Wednesday morning for El Paso, where they were married in the afternoon. From this point they will go on an eastern trip visiting part of the summer at her home in South Bend, Indiana, and the remainder at his home in Philadelphia. Miss Emerson has been employed as a clerk in the dry goods department of the P. D. M. company store, and was well liked by all who knew her. Mr. Sharp has just finished his second year as instructor of manual training in the public schools and is a popular and efficient teacher. Their quick move was quite a surprise to their many friends, as no one suspected anything until the afternoon before they left. The Era joins

with the entire camp in extending them congratulations and best wishes.

The reading room in Metcalf was the scene of one of the most enjoyable entertainments ever given in that place, when Miss Winifred Sexton gave a dramatic reading of "Prince Chap" in three acts, on Wednesday evening of this week, assisted by Mrs. W. P. Weller. The entertainment was under the auspices of the Woman's Uplift Club, of that place, an organization that has been doing excellent work, and as the usual result of their undertakings the affair was a great success. Miss Sexton is well-known here in her dramatic ability and her representations of the five different characters in this play were excellent and produced many encores. During the evening Mrs. W. P. Weller entertained the audience with several beautiful vocal numbers, and as her singing is always appreciated, she was recalled many times. The building was crowded to its capacity and the affair was a decided financial success.

To Operate Churn Drill.
The D. C. M. company is now assembling churn drills which will be operated in the mineral section situated about one mile from Morenci. This prospecting work will be extensive, a total of five drilling outfits to be used.

To Open Tailoring Shop.
C. L. Uthas, engaged in the tailoring business at Clifton, was in Morenci Thursday for the making of arrangements for opening an establishment for work in his line, his intentions being to open his place within a few days.

Advancement in Groceries.
Of the interest to the housewife and the lovers of fancy groceries is the installation of several very attractive and well filled show cases of fancy groceries in the A. C. company's store. Mr. Eads, in charge of the grocery department, has gathered for display in the new cases a wonderfully complete exhibition of the most attractive and unique stocks of temptingly foodstuffs, especial attention having been devoted to gaining the most distinctive epicurean products of all countries.

Machinists and Boilermakers.
The young men employed as machinists and boilermakers in the shops of the D. C. M. company have perfected arrangements for a splendid dance to be held under their auspices at the Star theatre on the evening of Saturday, May 23. This initial dance will be only the precursor of a number to follow throughout the summer, the boys' intentions now being to perfect a complete social organization, and hold dances every Sunday evening. Music Saturday will be furnished by Messrs. Wright and Brice, with the piano and violin.

Entertains at Bachelor Home.
The staff house of the A. C. company on the evening of last Sunday was the scene of a very enjoyable reception, Mr. E. Clay one of the members of the house acting the part of host to a number of friends. Among those present were Messrs. A. H. Stuche, Dan Lewis, Mesdames Gould and Hill, Misses Johnstone and McMahon, and little Miss Theresa Gould.

Near Blaze.
What came near being a destructive fire occurred in the rear of the A. C. hotel Wednesday at about noon. However, the rapid response of the firemen, who were attracted by many fire whistles, conquered the blaze in a time that augurs well for the town's fire protection.

Dies in California.
Advices were received in Morenci to the effect that Mrs. W. J. Arthur, formerly a resident of Morenci, had died at her home at Grass Valley, California. Mrs. Arthur, with her husband, who was employed as head bookkeeper at the A. C. company's mine office here, left Morenci about two years since, after a residence here of a number of years. Many friends and acquaintances are grieved to learn of her untimely end.

Lodge Proceedings Enjoyable.
Sixteen Morenci members of the Knights of Pythias lodge journeyed on the evening of Friday to Clifton, there to meet with the Clifton members in a meeting of lodge procedure, following which came a pleasant hour of feasting and social enjoyment. A number of candidates, all of Clifton, were guided through certain of the degrees of membership.

Goggin Leaves for Vacation.
Prof. Goggin, superintendent of Morenci's schools, will leave probably about May 25, for Albuquerque, N. M., where he will spend a vacation of several months, returning to Morenci before the beginning of the school term of 1914-15, he being re-elected to his position as manager of the schools. Near Albuquerque Prof. Goggin, with a brother, owns an 80 acre ranch which they are rapidly planting to various fruits, apples predominating and upon this property the vacation will be spent.

The offices of the Justice of peace Judge Lally on the afternoon of Thursday presented a scene of remarkable activity, the occasion being the painful aftermath of a largely attended and mingled street fight occurring on the streets of Newtown late on the night of Wednesday, the principals being stimulated Mexicans and officers Cash and Arhelger, the latter force being augmented by nearly all the able bodied bystanders and inhabitants of the surrounding places. A fight began among the Mexicans, who vehemently resisted the efforts of Officers Cash and Arhelger to effect

their arrest. At this juncture the officers called for assistance, later and more hurried levies of citizens being necessary to a final victory.

In the midst of the excitement and activity of the entanglement was indicated by diverse actions of the frightened participants, a number of antagonists in their falls destroying various fixtures in the buildings along the street. One man a resident of Newtown, was knocked through a peanut wagon, completely demolishing the wagon, and painfully injuring the sentient battery.

Upon their appearance before Judge Lally, ten of the number of offending Mexicans were, upon pleading guilty, sentenced to sixty days in prison, or the payment of that number of dollars. One of the accused, a large specimen, and who officiated as master of the diversions at Newtown, pleaded not guilty, and was granted a trial, which resulted in a sentence of imprisonment for two hundred days, or the payment of that number of dollars. The charge against the eleven was disturbance of the peace. That the officers were not required to seriously injure the discontented men was surprising as they numbered more than twenty, and were in a dangerous condition.

Morenci Finally Victorious.
The eagles of victory have at last perched upon the willows of the Morenci aggregation of knights of the bat, the game between the home boys and the denizens of Clifton, played on the local grounds last Sunday, having resulted in a well defined winning for the Mountaineers, the score being nine and four. The Morenci players attribute their prowess to their natural superiority, and also to the recent diligent practice of the team, this being a feature of the work that was before neglected, as was indicated in the former too frequent success of Clifton, this town three times in succession bearing Morenci's wreaths away. A return game will be played on the Clifton grounds on Sunday, May 24, and will be attended by a number of Morenci friends of the game.

Always of interest and novelty are the paydays of the employees of the mines and reduction works of Morenci, the larger stores of the A. C. and Phelps Dodge companies on these days presenting scenes that would rival a city many times Morenci's size. Hurrying salesmen and thronged aisles are the most noticeable features of the day, which means renewed activity among the workers of all lines, the banks' forces being confronted all the hours with the lines of check holders.

Teachers Depart for Homes.
Misses Jackson, Mosher, Ray, Clark, Kinney, Wilson and Schenck, teachers in the recently ended term of Morenci's schools, left on the morning of Monday for their respective homes. In addition to these ladies, a number of other teachers

have left for their homes, making with the already beginning exodus of Morenci people to California summer resorts a marked decrease in the social activity of the town.

Club Meets.
The C. P. W. M. Club met on the afternoon of Wednesday at the home of Mrs. D. L. Bouse, a member. The entire membership of twelve were present to enjoy the amusements, the principal of which was the playing of Five Hundred at cards. Here the favors went to Misses Bura Heinrichs and Florence Robison. Refreshments of chocolate, cake and ice cream were served. The club will next meet, on Wednesday, June 3, at the home of Miss Cleora Moore.

Will Address Tempe Pupils.
Rev. Allan Krichbaum has been requested, and will accept, to deliver, on Sunday, May 31, the commencement sermon in connection with the closing exercises of the State Normal school at Tempe. This selection of Rev. Krichbaum is very pleasing to his many friends of Morenci.

FOREST NOTES.
A tentative allotment of \$7,500 has been made by the Forester for planting in Arizona and New Mexico during the fiscal year 1915.

Cutting operations on the Romero sale in the Manzano Mountains are to be resumed this week.

University timber land owned by the University of Arizona within the Coconino and Tusayan National Forests is now being logged conservatively under regular Forest Service rules.

Lumberman Wynne has just returned from an inspection of the Santa Barbara Tie & Pole Company operations within the Pecos Forest.

Assistant Forester Greeley, in charge of National Forest timber sales for the entire United States, is expected in Albuquerque within the next month on an inspection trip. He will probably look over timber sales on the Pecos and Carson Forests.

Most Prompt and Effective Cure for Bad Colds.

Wack you have a bad cold you want a remedy that will not only give relief, but effect a prompt and permanent cure, a remedy that is pleasant to take, a remedy that contains nothing injurious. Chamberlain's Cough Remedy meets all these requirements. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and restores the system to a healthy condition.
